Passion and experience for over 60 years

FAKO S.A. a leading manufacturer of jacquard curtains in the yard and ready-made. Thanks to the proven technology and creativity of our employees, our offer enjoys the recognition of customers in Poland as well as in Europe. We guarantee the highest quality of our products.

Design

Dynamic changes in design trends are visible in our collections prepared for the spring/summer and autumn/winter seasons. The attractiveness of our curtains is enhanced by very interesting design effects thanks to the possibility of using yarns with different quality and thickness. An experienced team of designers prepares individual design projects according to the clients' guidelines.

Curtains for everyone

We listen to our clients. We make sure our curtains are appreciated by customers who prefer the classic style, characteristic of floral or baroque effects. For those who like minimalism, we have introduced this year to the latest collection, a wide range of modern designs with fashionable wood structure effects and geometric patterns.

*Together with our clients,
we create the home of their dreams.*
